Choosing a nursing home for a family member can be one of the most difficult decisions you make. The Registry of U.S. Nursing Homes (memberofthefamily.net/usregistry.htm) lists 16,000 homes alphabetically by state, with results of the past three government surveys for each home. Once you have narrowed down your candidate list, you may want to make several copies of the following checklist and fill in one for each nursing home you are considering.
